

Apple Devices in the Classroom for Students with Visual Impairments

Presented by Rebecca Coakley, MA, CLVT & Paula Lang, MS, CLVT

Learn about technology and classroom innovations which have revolutionized access to printed materials in the classroom environment for students with visual impairments. Includes a bonus mini presentation provided by Summit County Educational Service Center on developing IEP goals, identifying appropriate interventions, and monitoring progress.

Thursday, August 27, 2015

**Summit County Educational Service Center
420 Washington Ave., Cuyahoga Falls, OH 44221**
